

POINTS TO PONDER

- If we don't talk about the lies of the Enemy, then we won't recognize them. The more we know God's nature, character, behavior, works, and ways, the more obvious the Enemy's lies become to us.
- God loves you. He is the type of Father who lets you throw open the door, run boldly into the throne room of grace, jump on His lap, and receive mercy and help in your time of need.
- God's love is more than enough. His Word and His promises are more than enough. Ultimately, His blood conquered sin and death and every lie the Enemy is trying to tell you about yourself and about Him.
- God loves you so much; He thinks about good things for you. He has good plans for you, and He would never harm you. He does not harm people or put sickness on them to teach them something.
- God is good and the devil is bad—period.
- Sickness is never a blessing. Sickness will try to steal your hope of what could be, might be, and should be in your life: your marriage, your family, your kids, your job.
- God wants to do immeasurably above all that you could ask or think according to His power at work within you. God put Himself within you. He is a good God; He is a mighty God; He is a saving God; He is a righteous God; He is a holy God; He is a healing God; He is a rich God; He is a loving God; He is a forgiving God. That's your position, that's your place, that's your power, that's who you really are because you see God for who He really is.
- Think big; think mighty because of this good God inside of you.
- Your healing, your deliverance, your prosperity, and your victory depend on how much of the truth you know about God.
- The goal of the Enemy is to cause you to be confused about who God is, misunderstand the heart of your Father, and live in confusion and fear of God.
- God is constantly revealing His character through the Word and through His name. God speaks only out of who He is. He can only give you a promise out of His nature.
- Get a revelation that the Healer lives inside of you.
